IN PARTNERSHIP WITH  **LIBART**

Why Breezefree?

We have over 20 years of experience designing and installing alfresco spaces, with a project management team whose expert knowledge is second to none.

In addition to our own products and in-house manufacturing capabilities, we have established relationships with many of the top European manufacturers of alfresco products and systems available on the market today.

Our in-house installation team have in-depth training and experience in all of our products, guaranteeing that you are in expert hands.

Our customer service levels are exemplary and have resulted in long-term relationships with many high-profile clients.

We have an excellent Health and Safety record and we uphold high environmental and ethical trading standards, with accreditations from industry-recognised bodies.

SIMPLE SCREENS

A lightweight screen system primarily for internal use, Simple Screens consist of steel posts on low profile bases and a choice of panel materials.

They provide a quick and effective solution to social distancing in hotels, cafés, bars and restaurants with minimal disruption to your existing table layout.

- Ideal for internal use.
- Customisable sizes and shapes.
- Easy to clean.
- Your choice of floor-standing or hanging.
- Link together to create multiple configurations.
- Suitable for personalised branding and imagery.
- Versatile and exceptional value.
- Manufactured in the UK.
- Designed for simple self-assembly on site.

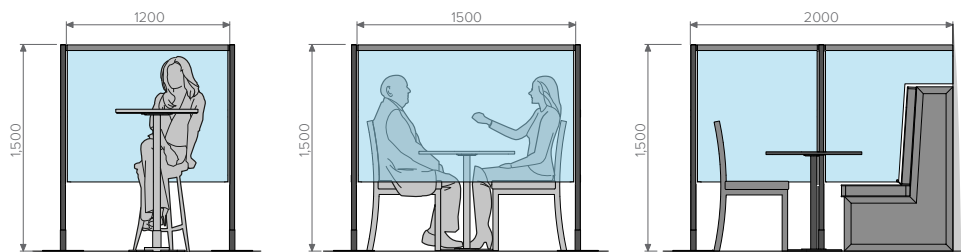

SIMPLE SCREENS

Suggested Sizes:

- 1200w x 1500h
- 1500w x 1500h
- 2000w x 1500h

Custom sizes available.

Panel Materials:

- Flexible Clearview PVC
- Clear Polycarbonate
- Reeded Polycarbonate

UNIVERSAL SCREENS

Universal Screens are intended for internal use and come in four standard sizes, with custom sizes available upon request.

The low profile feet avoid trip hazards and can be fixed to the ground for extra stability.

- Ideal for internal use.
- Customisable sizes and shapes.
- Easy to clean.
- Free-standing.
- Floor or worktop mountable.
- Suitable for personalised branding and imagery.
- Manufactured in the UK.
- Designed for simple self-assembly on site.

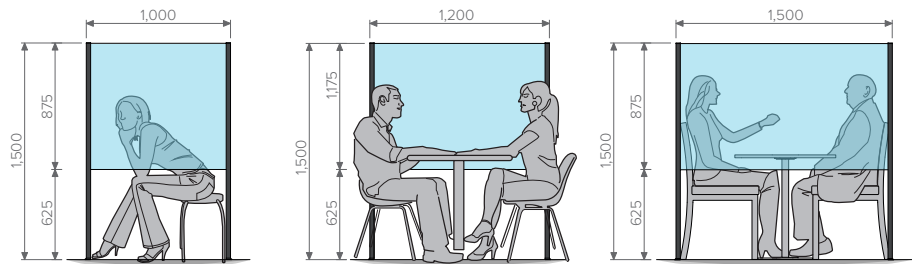

UNIVERSAL SCREENS

Suggested Sizes:

- 1000w x 1500h
- 1200w x 1500h
- 1500w x 1500h

Custom sizes available.

Materials:

- Aluminium frame
- Clear Perspex
- Reeded Polycarbonate
- Frosted Polycarbonate
- Optional top & bottom rails

COUNTER TOP SCREENS

Universal Screens can also be manufactured for counters, food stations, welcome desks and table tops in order to separate staff and customers.

- Ideal for internal use.
- Customisable sizes and shapes.
- Easy to clean.
- Worktop mountable.
- Suitable for personalised branding and imagery.

Prices on application.

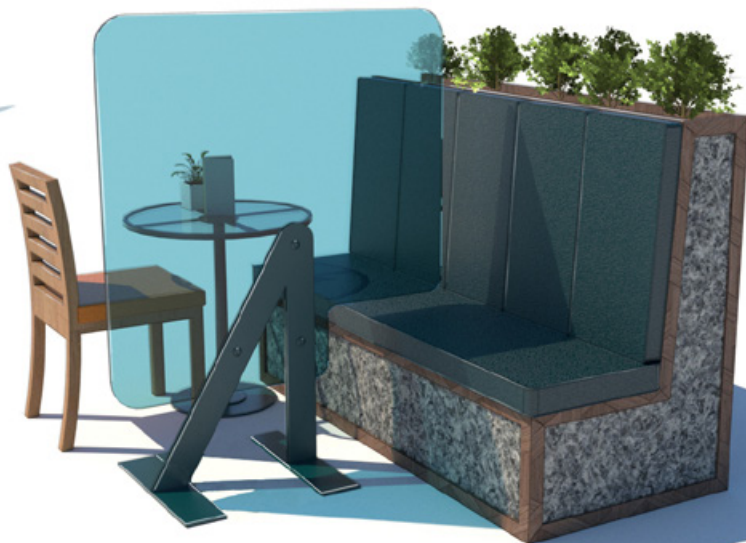

SHAPED SCREENS

Stylish, free-standing safety glass or polycarbonate screens available in a range of shapes and styles.

- Ideal for internal use.
- Custom sizes and shapes.
- Free-standing.
- Interesting & unusual.
- Easy to clean.
- Wide range of colours.
- Suitable for personalised branding and imagery.
- Manufactured in the UK.
- Installation recommended.

SHAPED SCREENS

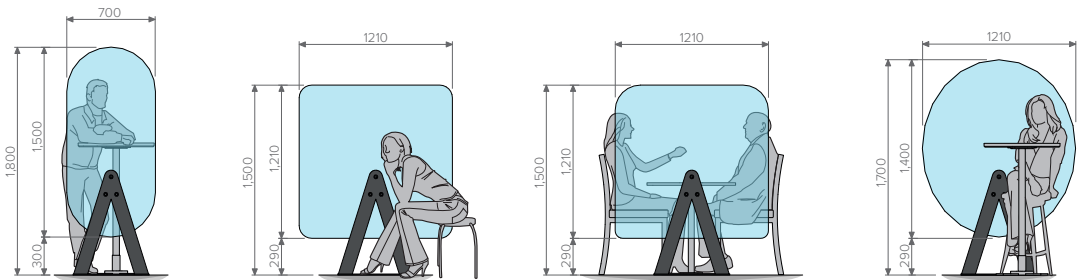

Materials:

- Steel base.
- 10mm Safety glass panels.

Sizes:

Typical sizes below.
Custom sizes and
shapes on request.

SMARTSCREENS

Breezefree's SmartScreens, typically installed to define and enclose an alfresco space, can also improve spacing in public areas.

The posts are long-lasting and come with weighted bases or ground sockets. Either canvas, Clearview PVC or safety glass panels come in three heights - 970mm for standard enclosure and 1600mm or 2200mm.

If you already have SmartScreens installed, they can be upgraded with taller posts and panels, reducing costs by utilising the existing configuration.

- Ideal for external use.
- Customisable sizes.
- Mounted on portable baseplates fixed ground sockets.
- Durable.
- Suitable for personalised branding and imagery.
- Manufactured in the UK.
- Designed for simple self-assembly on site.

RIGID SCREENS

A classic screen system built with aluminium frames and safety glass panel. External Rigid Screens are a sturdy and reliable option when it comes to sheltering customers and dividing tables. They come in a wide range of sizes and styles, with three standard screens.

- Ideal for external use.
- Customisable sizes and shapes.
- Can be retrofitted.
- Easy to clean.
- Versatile and movable.
- Manufactured in the UK.
