# INTRODUCTION

---

Driven by our passion for outdoor living, Breezefree has been designing and installing alfresco spaces for 20 years, and we love what we do. Expertise gained over this time has brought us many high-profile clients, building Breezefree's reputation as the company of choice for all things alfresco.

Our dynamic team can provide you with ingenious ideas that will bring your vision to life. We are constantly developing our products in exciting new ways with some of the world's top designers and manufacturers, resulting in an organically evolving product range that is unparalleled. Our in-house manufacturing and quality control mean that excellence is guaranteed.

Whether you have a modest street-level area to enclose or an ambitious roof terrace to cover, our experienced customer service, design, and project management teams will support you from first contact right through to installation and after-care, making the whole process a breeze.

# BARRIERS

The possibilities are almost endless with Breezefree's range of barriers. From portable stainless steel posts with baseplates and flexible panels through to ground-fixed barriers with rigid panels, there is a combination for any situation.

Most of our screens are manufactured in-house, making them the highest quality on the UK market, and giving us the capability to offer bespoke options, such as powder-coated colours or wooden posts and panels, to suit unusual requests.

- Ideal for branding and advertising.
- Stable in winds up to Storm Force 12.
- A wide range of materials and customised options.
- Portable or permanently fixed.

*Café Screens at Cha Cha Moon, Soho*

# BARRIERS

## CAFÉ SCREENS

Stainless steel posts and bases with branded canvas barriers to enclose your space and promote your brand.

## SMARTSCREENS

Our most popular and versatile barrier system made from quality fabrics and marine-grade stainless steel, on portable bases or in ground sockets.

## GLASS BARRIERS

Custom glass barriers and balustrades up to 2.2m tall help with noise-reduction and protection from the wind.

# BARRIERS

## TERRACE SCREENS

Rigid barriers with customisable glass and aluminium frames.

## RISING SCREENS

Vertically extending and retracting glass screens and balustrades.

## CUSTOM BARRIERS

Breezefree can design and build custom barriers for almost any environment. If you have an idea, why not talk to us and see if we can make it a reality?

# PARASOLS

Attractive and practical, Breezefree's extensive range of commercial parasols are suitable for most outdoor spaces. Whatever the weather, they provide reliable shelter while enhancing your look with a wide variety of customised options.

- Adjustable overhead shelter, come rain or shine.
- Design your own look with a range of colour options and endless printing possibilities.
- Fully serviceable, durable construction.
- Create an inviting, warm ambience with optional electric heaters and lighting.
- Removable or permanently installed according to location.

*Strongwind Parasols at Chiquito, Greenwich*

# PARASOLS

## STRONGWIND PARASOLS

Large, commercial-grade parasols with a strong wind-resistance.

## VORTEX PARASOLS

Extra-strong parasols with a tensile PVC roof, designed to cope with the extremes of UK weather conditions, they can be left open permanently.

## COMMERCIAL PARASOLS

Commercial-grade parasols in a wide range of sizes.

# PARASOLS

## LIGHT DUTY PARASOLS

Versatile, lightweight commercial parasols.  
Ideal where portability is a major requirement.

## CANTILEVER PARASOLS

High quality parasols with masts located to the side and a variety of fixing options.

## TIMBER FRAME PARASOLS

Contract quality parasols with wooden frames and masts.

# AWNINGS

---

Breezefree's awnings come in a wide variety of designs, ranging from traditional manual Victorian styles, through to modern motorised folding arm awnings. Ideal for most locations and budgets, their combination of reliability and distinctive style will help your venue stand out from the crowd.

- Flexible shade and shelter including retractable awnings or fixed options.
- Motorised or manual operation.
- Create your own look with a range of colour options and endless printing possibilities.
- Fully serviceable, durable construction.

*Victorian Awnings at Burger & Lobster, Soho*

# AWNINGS

---

## FOLDING-ARM AWNINGS

Robust and modern commercial-grade folding-arm awnings which can be customised to suit your premises.

## DROP-ARM AWNINGS

Manual awnings with supporting drop-arms to the side and a modern finish.

## FIXED AWNINGS

Custom, fixed wedge awnings and sun blinds can come in almost any size and are perfect for branding possibilities.

# AWNINGS

---

## VICTORIAN AWNINGS

Manual drop-arm awnings perfect for traditional shop front and listed buildings.

## BUTTERFLY AWNINGS

Two folding-arm awnings fixed back-to-back on a free-standing frame. These can be installed permanently or on weighted bases.

*Folding-arm awnings at  
The Fence, London*

# SAILS

---

With their natural combination of practicality and stylishness, Sail Shades make a real statement. They provide generous shade, while their clean curves bring a touch of architectural elegance to any commercial space.

- Endlessly versatile, and ideal for irregular spaces
- Combinations of shape, size and colour make a bold design statement
- Retractable options available
- Wall-mounted or free-standing
- Stable in winds up to Storm Force 12

*Fixed Sails at D'Pary's, Bedford*

# SAILS

---

## FIXED SAILS

Elegant fabric canopies up to 8m across, which can be fixed to posts or surrounding structures.

## RETRACTABLE SAILS

Sails which can be retracted manually or via a motor, rolling up around a central shaft.

# PERGOLAS

---

Providing fully adjustable shade and shelter over a wide area, pergola awnings make the perfect choice for larger terrace spaces. Constructed from durable materials and with minimal maintenance required, they are effectively an alternative to building an extension.

- Particularly well suited to covering large areas.
- Metal pergola (steel, aluminium) or wooden pergola options available in a range of colours.
- Motorised adjustment of shade and shelter.
- Wall supported or free standing.

*Pitched Pergolas at Charlotte's, London*

# PERGOLAS

## PITCHED

Retractable pergola awnings with a pitched roof to allow water run-off.

## FLAT

A flat retractable pergola with festooned fabric to allow water to run off the sides.

## FREE-STANDING

Pergola Awnings can be totally free-standing, either on front and back legs or back-to-back with a central structure and cantilever arms.

# LOUVRES

---

Adjustable louvred roofs are the ultimate in contemporary styling for outdoor spaces. The partnership of modern clean lines and superior engineering means louvre panels make a design statement, while providing perfectly adjustable shade and shelter.

- Suitable for large and small areas alike.
- Aluminium louvres and frame.
- Integrated guttering.
- Integrated lighting options available.
- Adjustable glass sides and flexible screens options.
- The roof of the Aerolux model offers unsurpassed resistance to draughts and rain.

*Tilting, retracting louvred roof - Bōkan, Canary Wharf*

# LOUVRES

## TILTING LOUVRES

A standard louvred roof has motorised slats which rotate to allow sunlight adjustment, or to keep the rain out.

## TILTING & RETRACTABLE LOUVRES

As well as offering tilting slats, retractable louvres can also be stacked at one end of the structure, opening the roof by up to 75%.

# WINDOWS & DOORS

Vertically-sliding insulated glass windows and doors offer seamless integration into virtually any building envelope, providing uninterrupted panoramic views. They can either retract downwards to allow for a cool summer breeze while defining the threshold, or upwards to create a wide, seamless entrance.

- Up to 5.5m wide.
- Up to 5m tall.
- An appealing alternative to bi-fold doors.
- Ideal for eye-catching printing and branding.

*Upwards opening Panora View doors - shown open*

# WINDOWS & DOORS

## PANORA VIEW

Up to 5m wide and 5m tall, these motorised sliding windows by Libart allow for amazing panoramic views and dynamic spaces which can be used all year round.

## SLIDING GLASS

Classic sliding glass doors can be fitted to most pergolas, louvred and glass roof structures, allowing for complete enclosure

## BI-FOLD GLASS

Bi-fold glass doors can be opened and stacked to one side.

# GLASS ROOFS

---

Libart's range of retractable insulated glass roofs, skylights and enclosures, exclusively available through Breezefree in the UK, bring stylish shelter to virtually any outdoor space whilst preserving natural sunlight.

- Up to 27m span, and limitless length.
- Retractable pool-houses.
- Lean-to or free-standing.
- A dynamic alternative to skylights.
- Ideal for eye-catching printing and branding.

*SolaGlide Glass Roof at Cubana, London*

# GLASS ROOFS

## SOLAGLIDE

Sliding glass roofs and skylights retracting upwards or downwards by up to 75%.

## RETRACTABLE ROOFS

Fully retractable lean-to structures and pitched roofs.

## BESPOKE FIXED GLASS ROOFS

Breezefree can design and build bespoke, fixed glass roofs and canopies for your establishment.

THANK YOU

“

*It was a pleasure to work with Breezefree who have a very professional approach, Nothing phased them, and they pulled out all the stops to install within a very tight time scale.*
